don't have to had to have to stay must call mustn't move ~~should be~~

Last week, I had an accident at home. I know I ¹ should be more careful. I was in the kitchen. I had a knife in my hand because I wanted to make a salad. The knife fell and cut my finger. I ² had to quickly wash my finger, but got a lot of water on the floor. I wasn't careful and had a bad fall. I hurt my back. Luckily, I had my cell phone. "You ³ must call an ambulance," I thought to myself. When help arrived, they said, "You ⁴ mustn't move your back." They took me to the hospital. They had to do an X-ray on my back. The doctor said, "You ⁵ have to stay in bed for week!" "Too bad!" I thought, "but I ⁶ don't have to go to school!"
