Is playing the piano an easy hobby?

No, it isn't. You have to practice a lot.

DOMINOES ARE FANTASTIC!

My favorite hobby is playing board games. I think they are exciting. When I was young, I played games like snakes and ladders. I played **happily** with my brothers and grandparents. I learned a lot of games, and they weren't difficult. We enjoyed playing board games together. Now I love playing difficult games like dominoes. I always think before I make a move because it's important to play **carefully**. After school, I play dominoes at a club. I enjoy playing in competitions on the weekends. My brothers go to sports competitions. They love running **quickly** and usually win their races.

I LOVE THE PIANO!

I love playing the piano. People say it's a difficult instrument, but **luckily**, I play the piano really well. I started playing when I was five years old. It was difficult because my fingers were small. I go to piano lessons after school on Tuesdays, but I also practice at home every day. I always play new tunes **carefully**, so I don't make any mistakes. I enjoy playing my music. My brother loves playing his guitar, but he plays **loudly**. I don't like it because you can't hear the piano! I usually ask him to play **quietly**. Our family loves music because it's relaxing and fun!
