1 Look, read and answer.

~~best~~ better biggest longer more difficult nicest smaller taller tallest worst

In the first photo, you can see my ¹ best friend at school. Her name is Asma. She has ² longer hair than me, and she is ³ taller, too. I think she is the ⁴ nicest girl in our class. We always sit next to each other. She is brilliant! She is the ⁵ tallest person I know. Asma helps her friends and smiles a lot.

The second photo is of our class with the teacher. Our class is the ⁶ biggest in our school. There are 30 students! The other classes are ⁷ smaller with about 20 students in each one. In this photo, we are in our math class. I like the school subjects we study, but math is ⁸ more difficult than geography or history. Sometimes I don't understand math, and I think I am the ⁹ worst student in class! But Asma always helps me because she is ¹⁰ better at math than me. What about you? Who is your best friend at school? What school photos do you have?

2 Read and think. Then ask and answer.

	Me	My classmate
1 Who is the tallest student in your class?		
2 What is the nicest thing about your best friend?		
3 Who has the biggest backpack in your class?		
4 What is the best thing about recess time at school?		
5 Which school subject do you think is more interesting, history or geography? Why?		
6 What school subjects are more difficult at school?		

Who is the tallest student in your class?

It's my sister. She's taller than all of us!

What school subjects are more difficult at school?

I think math and history are more difficult.
